

WHAT'S THE POINT? Long Version

WORDS & MUSIC BY STEFANIE STEVEN 2017

What's the point?

"We now live in a nation where doctors destroy health,
lawyers destroy justice, universities destroy knowledge,
governments destroy freedom, the press destroys information,
Religion destroys morals, and our banks destroy the economy."

It's between your ears, where you make things up
you judge, you blame, you pretend to be
now imagine, that between your ears lives an answer machine that sores
all your fears your fun your memories, the whole lot called past
the whole lot called past.

What's the point of a few million clicks on your internet channel
What's the point of watching 50 channels of shit
What's the point of killing people for religion

Tell me, ...what's the point?

What's the point? 3x

"what's the point?"

oh hu oha

What's the point of going to school we don't need no education - no, no, no, no
what's the point of going to war we don't want to die - no, no, no, no
what's the point of working if you can't support your life - nothing, nothing, tell me

What's the point? 3x , "what's the bloody point?"

Whaaaaaa what's the bloody point?

"What's the point?"

xxxxxxx

we're wasting our time in front of pc's and tv screens

tell me what's the point
